

# Let's get sorted

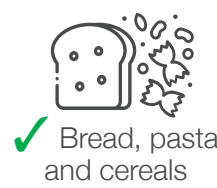

## FOGO bin

Where does it go? All food waste and organic waste will be turned into compost to be used locally.

### Yes

**! IMPORTANT:** Certified Compostable is different to biodegradable. Always look for these symbols on packaging. If it doesn't have them, it doesn't go in FOGO.

### No

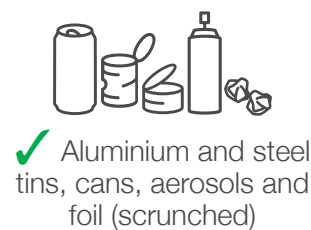

- ✗ No plastic bags. Use compostable liners only
- ✗ Plastic bags and soft plastics (e.g. cling wrap)
- ✗ Nappies, incontinence products and aids
- ✗ General waste and liquids
- ✗ Magazines, catalogues and waxed paper
- ✗ Baby wipes
- ✗ Fruit stickers and labels
- ✗ Coffee pods, coffee cups
- ✗ Non compostable kitty litters

## Recycling bin

Where does it go? All recyclables will be sent to local processors for recycling.

### Yes

### No

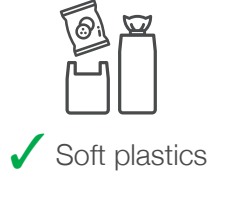

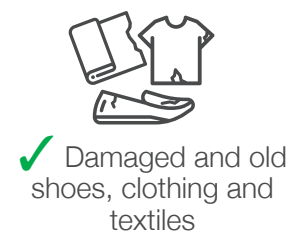

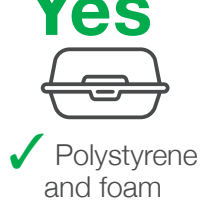

- ✗ Bagged recyclables – items must be loose
- ✗ Polystyrene or foam
- ✗ Garden waste
- ✗ Plastic bags, soft plastics
- ✗ Light globes
- ✗ Clothing, shoes and textiles
- ✗ Glass and ceramics
- ✗ Syringes and sharps
- ✗ Food waste
- ✗ Electrical/E-waste

## General waste bin

Where does it go? All general waste that can't be composted or recycled will go to a local landfill facility.

### Yes

✓ Any items that can't go in your FOGO, glass-only and recycling bin

### No

- ✗ Garden waste
- ✗ Pesticides, oils and chemicals
- ✗ Electrical/e-waste
- ✗ Food waste
- ✗ Glass
- ✗ Building materials
- ✗ Syringes and sharps
- ✗ Paints and solvents
