Not sure who call?

Contact the COVID-19 Recovery Operations Centre on 5422 0237 or email recovery@mrsc.vic.gov.au for further information about local food relief options.

The COVID-19 Recovery Operations Centre has been set up to respond to your requests for help and information.

Want more information on food access and availability in the Macedon Ranges?

In Australia people are currently worried about food access and availability. This has resulted in an increase in panic buying and less food on the supermarket shelves. Australia is not in danger of running out of food. If we all take some simple steps there will be plenty of food available for everyone.

Visit mrsc.vic.gov.au/coronavirus for more information on how to access and prepare nutritious food.
