Acknowledgment of Country

Macedon Ranges Shire Council acknowledges the Dja Dja Wurrung, Taungurung and Wurundjeri Woi-wurrung Peoples as the Traditional Owners and Custodians of this land and waterways. Council recognises their living cultures and ongoing connection to Country and pays respect to their Elders past, and present.

Council also acknowledges local Aboriginal and/or Torres Strait Islander residents of Macedon Ranges for their ongoing contribution to the diverse culture of our community.

Artwork by Taungurung artist Maddi Moser

“Both artworks talk about our connection, connection to Country, connection to places and connection to each other. This is signified by the whimsical circles that form the ‘rivers; that wrap around our lands and ourselves. It reminds us that we should look out for one another.”

Category 3: Small Community Infrastructure Grants

These projects (which must incorporate universal design principles) aim to improve the community outcomes we get from community places like public buildings, open space, reserves or streetscapes. Improved access, increasing useability, tailoring places to community needs and updating features are a way of achieving community outcomes in public places. More information about universal design can be found [here](#). Please speak with the relevant Council officer to ensure you have incorporated universal design principles in your project.

This category of funding is designed to enhance public places that serve an important role in encouraging community participation. This category funds projects at a variety of locations to reflect a mixture of public ownership and management models. Projects that propose changes to community places score higher if they benefit Council owned and local community managed facilities or spaces. Improvement projects may focus on one or more of the various stages of improving a place; the planning, design, construction or renovation phases.

This grant category is not designed to fund maintenance that is cyclical or otherwise.

Council has the following existing strategies available on its website, which applicants are encouraged to read when developing their application:

- > [Open Space Strategy 2013](#)
- > [Walking and Cycling Strategy 2014](#)
- > [Sports and Active Recreation Strategy 2018 - 2028](#)

Examples of projects in this category include those that:

- upgrade shared community spaces such as meeting places and public halls that benefit a broad audience of users
- improve accessibility to community facilities and encourage greater inclusiveness for users
- improve open space areas, village greens/commons, or public streetscapes to benefit a broad audience of users
- create public art that enhances community spaces
- establish or upgrade interpretive signage and visitor infrastructure

- support the creation of masterplans for mechanic institutes, community halls, parks, commons, recreational facilities to ensure a planned approach to facility improvements
- support the completion of feasibility studies or business cases to create an evidence base to support future infrastructure proposals
- improve the environmental performance of community facilities through works that reduce demand for energy and water use (e.g. solar panels, insulation, LED lighting, double glazing, water tanks, environmental audits).

Community building improvements For projects that involve upgrades/minor capital works on Council buildings or spaces, please contact the Coordinator Facility Projects on 5421 9633.

Seeking approvals/permissions/permits

It is your responsibility to obtain any permits/approvals/permissions that may be required.

Copies to Council must be provided. You must also factor in application and permit costs, and the time required into your applications. You can discuss these requirements with the Coordinator Facility Projects.

Council acknowledges that not all permits/approvals will be obtained until after your funding is confirmed. It is expected that your application outlines which approvals you will be seeking and in the event you are successful, your plan for their obtainment.

When proposing construction work projects, it is advantageous to submit working drawings of any construction works you are proposing with your application. These can be formalised into specifications and designs/plans after you have obtained the grant funds.

It is mandatory for infrastructure projects to be managed by a Council project manager. This cost will need to be factored into the project funding being applied for to deliver a project at a rate of 10% of the total project cost.

Applications

Legal requirements

Incorporation status

Applicants must be registered as an incorporated body or arrange for a legally constituted not-for-profit organisation to manage (auspice) the funds.

Council does not auspice applicants.

For more information on auspice arrangements visit the [Not-for-profit Law Information Hub](#).

Child safe standards

Macedon Ranges Shire Council is committed to a zero tolerance approach to child abuse, through actively promoting child safety and ensuring compliance with the Victorian Child Safe Standards. Victorian organisations that provide services to children are required, under the Child Safety and Wellbeing Act 2005, to ensure that they implement compulsory child safe standards to protect children from harm.

As a Child Safe organisation, Council requires that all grant applicants demonstrate their compliance with the Victorian Child Safe Standards and read/understand Council's Child Safety and Wellbeing Policy and Code of Conduct, available from [Council's website](#). Within the application form, applicants will be required to identify whether their project involves direct or incidental contact with children and young people and complete either a Child Safe Statement of Commitment or submit their Child Safe Policy and a Child Safe Direct Contact Checklist.

Please note: If your organisation is auspiced for the purpose of this grant, the auspice organisation will also need to meet the Child Safe Standards.

More details on the Child Safe Standards can be found on the [Commission for Children and Young People website](#).

Public liability insurance

Public liability insurance covers incidents that occur during an activity being conducted by a group. All groups must be covered by public liability insurance and be able to provide a valid certificate of currency.

It is the responsibility of the applicant or recipient to arrange appropriate insurance, including collecting appropriate insurance from a contractor or tradesperson.

Groups without public liability insurance will need an auspice with public liability insurance or can contact [Local Community Insurance](#) which offers an affordable public liability scheme for not-for-profit community groups.

Budget

The budget you submit needs to include all income and expenditure related to the activity/project (including permit fees) for which you are requesting funding. It is the costing of your project plan. The application form on SmartyGrants provides applicants with guidance on the information and level of detail required in your budget. We strongly encourage you to take note of any hints provided, as these will support you to improve your project budget score.

GST

For groups who are registered for GST - all pricing in your budget must exclude GST. (GST will be added to the amount requested).

For groups who are not registered for GST - all pricing in your budget must include GST. (Grants will be made exclusive of GST).

For information about GST and ABNs contact the Australian Taxation Office.

In-kind support

This covers contributions by volunteers and suppliers in terms of time, goods or professional services donated to the project and should be clearly identified in your project budget. The value of in-kind support should be reflected in both your income and expenditure.

Estimating the amount of volunteer work will help you determine the level of community contribution required and helps to demonstrate the true value of your project.

It is good practice to also supply a breakdown of estimated in-kind support to show how the figure in your budget total was reached. i.e.:

- General committee/community member contribution (e.g. planning, coordination, etc.) @ \$40 per hour.
- Specialist/expert contribution (e.g. tradesperson, professional service) @\$80/hr.

Additional funding sources

Your budget must include any other funding that you have or are seeking in relation to this project. This may include budget bids submitted to Council, other grant programs, partnerships or sponsors. It is important to consider how your project may need to be adjusted depending on the outcomes of all funding sought. Please note that if your project is successful in a Council budget bid, it will not be eligible for funding through the Community Funding Scheme.

Assessment

How are applications assessed?

Eligible applications are assessed by an evaluation panel of officers from across the organisation. The assessment is based on responses provided in the application form within each of the sections of the application using the **scoring matrix** for each category. Responses are scored and the weighting is then applied to create an overall score. Eligibility does not guarantee funding.

Funding recommendations are presented to Council for consideration at a Scheduled Council Meeting. Scheduled Council Meetings are open to the public and streamed live online.

Council decisions are final, applicants who wish to discuss the outcome of their application are encouraged to contact the Community Development team for advice as soon as possible on 5422 0216 or via grants@mrsc.vic.gov.au.

What will strengthen my application?

Applications that address Council's wellbeing and environmental priorities will score more highly than those that do not. Please refer to page 12 of the [Municipal Public Health and Wellbeing Plan 2021-2025](#) and page 3 of the [Environment Strategy](#). Your application should clearly state how your project or initiative will support/contribute to this priority.

Applications that consider gender equity and accessibility for diverse community groups will score more highly than those that do not. Applications that advance reconciliation and/or celebrate First Nations Peoples will also be highly regarded.

Table 7: Summary of Council priority areas.

Reconciliation	<ul style="list-style-type: none"> • initiatives that advance reconciliation and/or celebrate First Nations Peoples will also be highly regarded
