# 2027 Foundation (Prep) information booklet Introduction

This booklet has been produced by the **Macedon Ranges Shire Council**. **Government, Catholic and Independent** primary schools from across the Shire have provided details of their open days, Foundation (Prep) information sessions and transition dates. It is important that all children commencing school in 2027 participate in their enrolled school's Foundation (Prep) Transition Program. This booklet also contains information about **Specialist** primary schools in neighbouring shires, and **Outside School Hours Care** (OSHC) services.

At this time of the year, parents are encouraged to contact schools to discuss the prospective enrolment of their pre-school aged children for the 2027 school year. To start primary school in 2027, your child will need to turn 5 years old by 30 April 2027. Schooling is compulsory for children who have turned 6 years old.

If further information is required, please contact individual schools directly on the details provided.

## A message about transition from kindergarten

The transition from an Early Childhood setting to school is a major step for you and your child. The Transition Learning and Development Statement for every kindergarten child has been developed to support this transition.

The statement is completed by the Early Childhood (Kindergarten) Teacher and summarises your child's strengths, identifies their interests and shows how they can be supported to continue their learning journey as they begin school. This statement can only be passed on to the school with signed parent consent on the transition statement.

## Extra transition support

If your child is Aboriginal or Torres Strait Islander, additional support for transition (if required) is available through the Koorie Engagement Support Officer (KESO) team. KESOs can provide transition support through assisting with enrolments, participating in transition activities, participating in Student Support Group meetings, and supporting schools with culturally safe environments. The KESO team can be contacted via [koorie.education.loddon.campaspe@education.vic.gov.au](mailto:koorie.education.loddon.campaspe@education.vic.gov.au).

If your child has a disability or additional needs, we encourage you to contact your preferred schools as soon as possible to support enrolment processes. The Department of Education may also offer support and can be contacted on 1800 338 663 or [enquiries@education.vic.gov.au](mailto:enquiries@education.vic.gov.au).

The Association for Children with a Disability has extensive information on their website to build your understanding of how best to support your child's transition to school <https://www.acd.org.au/information/school/>.

We are a team of enthusiastic and dedicated educators who work together to create a caring and inspiring space where children feel valued, motivated, and supported. We follow a science of learning teaching model, and our goal is for every student to look forward to coming to school each day, confident to engage with and explore the many rich and diverse learning opportunities we offer. Together, we bring to life our shared vision:

**“Centred by Faith – In Partnership with Community – We Provide Excellence in Learning.”**  
We believe learning brings both hope and opportunity. At St. Ambrose, we view learning as a lifelong journey of discovery—one that is enriched through the shared efforts of educators, families, parish, and the wider community. Our vision for student success encompasses all areas of development: cognitive, social, emotional, physical, and spiritual.

**Email:** [office@candlebark.vic.edu.au](mailto:office@candlebark.vic.edu.au)

**Website:** [www.candlebark.vic.edu.au](http://www.candlebark.vic.edu.au)

**Principal:** Sarita Ryan

## Foundation Information Sessions

School tours are conducted each term. Email [enrolments@alicemiller.school](mailto:enrolments@alicemiller.school) for dates and availability.

## Foundation Orientation Program Dates

Candlebark operates a Bush Orientation program for students that have been offered a place in the Foundation class the next year. Sessions are a half day, once a week, during term time. These sessions encourage children to be autonomous, resilient and capable.

## Other Information

Candlebark is the Prep to Year 7 campus of Alice Miller School and is situated in more than 1100 acres of pristine bush. The school believes that children flourish by experiencing life at close quarters. We regard first-hand experiences as generally superior to secondhand experiences. We try to say “yes” as much as possible – yes to new ideas, yes to experiments, yes to innovations. If the school has a motto, it is “take care, take risks”. We have more camps and excursions than any other school in Australia, with students travelling to the Northern Territory, New Zealand, and to many parts of Victoria on a regular basis. We do all this while maintaining high academic rigour and results.

## Global Village Learning

## Foundation Open Day and Information Sessions

Tours run fortnightly on Thursday mornings. Bookings are essential, via our website.

## Foundation Orientation Program Dates

Discovery Day’s run weekly throughout November and early December. Times and days TBC.

## Other Information

Global Village Learning is an independent, co-educational learning community in the Macedon Ranges. Our vision is simple and powerful: empowering learners to build communities that positively impact the world. At GVL, young people are known as learners and our educators are guides, reflecting our belief that children thrive when they feel a sense of agency, mastery and community connection. In our Foundations and Play Learning Hub, learners build strong foundations in literacy, numeracy and social development through curiosity, creativity and hands-on exploration. Learning at GVL is personalised, action based and connected to the real world. Through EDventurous Projects, community initiatives and regular Learning Huddles with families, learners set goals, reflect on progress and take ownership of their journey.

## Enrolment in specialist schools and other specialist education settings

In Victoria, all students with disability have a legislated right to enrol at their designated neighbourhood school and may be enrolled at another neighbourhood school subject to sufficient accommodation. In addition to neighbourhood schools, there are a range of government specialist schools and education settings available for students with specific disability and high needs. These settings include specialist schools, specialist campuses and supported inclusion schools: <https://www.schoolbuildings.vic.gov.au/supported-inclusion-schools>.

Each specialist setting has specific enrolment eligibility criteria. Specialist settings must have a publicly available local enrolment policy that lists the specific eligibility criteria under which students are eligible to enrol, subject to sufficient accommodation. Supported inclusion schools also have local enrolment policies that allow them to prioritise enrolment of students with disability who live outside the school zone, provided they meet the school's specialist enrolment criteria.

For more information visit: <https://www2.education.vic.gov.au/pal/enrolment/guidance/enrolment-specialist-schools>.

The specialist schools listed on the following page are those that fall within the designated transport area for the Macedon Ranges. For more information about getting to and from school for students with disabilities, and designated transport zones, visit: <https://www.vic.gov.au/getting-to-from-school-students-disability>. There may be other specialist schools in neighbouring shires more suitable for your child's needs, which can be explored through this website: <https://www.findmyschool.vic.gov.au/>.
